NOTE:

1. The ballasts model list on the chart have been tested and approved by the manufacturer.
2. This list is to be used as a general guideline. The LED tube may not work if the ballast is over 5 years old or has a weak starting voltage.
3. Please strictly follow the wiring diagram shown on the ballasts.
4. Please check if the contact points of the old fixture work normal.
5. Please use caution and test lamps in a fixtures for an extended period of time to ensure proper operation.
6. Do NOT proceed with a mass installation until proper operation of the LED tube is verified.
7. For safety, please turn off power while installing tubes.
